

Leicestershire Streetview-O Summer 2010

You are invited to take part in the second UK Streetview-O.

After the success of the first event, we have decided to run the another competition and to develop the concept to provide a bit of map related fun and to try to introduce orienteering to Streetview users.

The technical (hard) course will be released on the Leicestershire Orienteering Club website (www.leioc.org.uk) at 7.30pm on Sunday 13th June. Timing will be used in the calculation of the results, so get in quick! If you entered the first Streetview-O then you will be emailed the link at that time.

There will also be an easier version of this competition suitable for novice Streetview-Orienteers released one week later at 5pm on Sunday 20th June. This will be similar to the first Streetview-O and will not be timed.

If you would like to practice the concept of Streetview-O here are a few resources: -
