

LEI Grange Wood Event - 22 June 2003

Results & Officials comments

Planners Comments

When I first looked at Grange Wood in January it looked bleak and barren. By Easter, when the mapper had finished his work, the area was greening up nicely and it appeared that would be possible to hold an event on it. The issue was how to ensure that the map gave an accurate view of vegetation which was variously growing by the inute, withering under the impact of herbicide or being cut down by the mower. Changes occurred right up to last few days necessitating changes to both map and courses. I could not have managed without my partner John Cooke helping me with the OCAD drawing and the controller tactfully asking the right questions at the right time so that things did get done. My apologies that the green course control descriptions suffered in consequence and caused confusion for some people.

The area will continue to grow and change, possibly expanding to include the landscaped spoil heap to the south. Those who ran today have the satisfaction of having run at the first event here.

Judith Holt

Organisers Comments

Thank you to everyone who helped on the day. I hope everyone enjoyed their runs on a new area in glorious sunshine. Apologies to those who tried to find the event from Ibstock. I had signed the route as indicated on the LEI flyer from the junction of the B591 and B585. I have since learnt that an earlier flyer did not have this information on.

The National Forest Trophy was presented to Stuart Thomson, M12 of FVO who won the Light Green Course in 28.55. The jury decided that Stuart had the best performance on the day with regard to his age and the course that he ran.
